2022-2023 ARTICLING PROGRAM

We are currently seeking students who share our commitment to the highest standard of professional performance to participate in our articling program for the 2022-2023 year. We presently intend to hire six students in our Winnipeg office.

With offices in Winnipeg, Regina, Saskatoon, Edmonton, Calgary and Vancouver, MLT Aikins is one of the 15 largest law firms in Canada. Our expanded geographic reach and bench strength offer greater opportunities for mobility and specialization.

THE STUDENT EXPERIENCE AT MLT AIKINS

Learn from experienced lawyers and interact with clients.

We provide our articling students the chance to experience all areas of legal practice within our firm, and facilitate direct exposure to our clients. Our program introduces students to the practical aspects of law, including attending discoveries, court hearings and client meetings, drafting pleadings and commercial agreements, and assisting in a wide variety of commercial transactions.

Contribute to challenging work projects in a collaborative environment.

We hire students we think have the qualities and potential to become tomorrow's partners. In our supportive work environment, students can seek assistance from any lawyer and are given the highest quality legal and technical support. We assign each student an associate mentor and a partner principal who guide the student experience and help foster relationships and opportunities within the firm.

Belong to a team that values family and community engagement.

We are committed to bettering our communities, and we encourage our lawyers, staff and students to volunteer with charitable organizations. Students also have opportunities to develop their legal knowledge, expand their professional networks and socialize with colleagues through firm activities.

We make a one-year commitment to the students hired for our articling program. We then work together to determine whether their specific interests and potential may be matched with opportunities available at MLT Aikins.
