## THE STUDENT EXPERIENCE AT MLT AIKINS

### **Learn from experienced lawyers and interact with clients.**

We provide our articling students the chance to experience all areas of legal practice within our firm, and facilitate direct exposure to our clients. Our program introduces students to the practical aspects of law, including attending discoveries, court hearings and client meetings, drafting pleadings and commercial agreements, and assisting in a wide variety of commercial transactions. We assign each student an associate mentor and a partner principal who guides the student experience and helps foster relationships and opportunities within the firm.

### **Contribute to challenging work projects in a collaborative environment.**

We hire students we think have the qualities and potential to become tomorrow's partners. In our collaborative work environment, students can seek the highest quality legal and technical support to provide them an opportunity to develop their legal and professional skills.

### **Belong to a team that values collegial and community engagement**

We are committed to bettering our communities, and we encourage our lawyers, staff and students to volunteer with charitable organizations. Students also have opportunities to develop their legal knowledge, expand their professional networks and socialize with colleagues through firm activities.

## HOW TO APPLY

### **Apply directly to viLaw Portal on or before 10 a.m. CST on Thursday, May 9, 2024.**

Your electronic application package should include a cover letter, resumé and official transcripts (undergraduate and law school). You may submit a web-based version of your law school transcripts, subject to the requirement to submit official law school transcripts upon request.
